H. D. GOULD, Treasurer.

New Boston, N. H. Feb. 18, 1907.

This certifies that we have this day examined the foregoing report and find it correct and properly vouched for.

O. S. WALDO,
E. A. EDWARDS,

Auditors

Report of Selectmen.

In presenting the Annual Report the Selectmen again desire to call attention to the, so called, "State Road". Last spring we found something must be done to keep the gutters in shape, and that the road needed grading in places. Mr. J. Reed Whipple has paid for putting in cobble gutters, grading and rolling the road at considerable expense to himself, and with but small expense to the town. Again we think the town should make some acknowledgement to Mr. Whipple for his kindness.

This year by Law, (see chapter 35 Laws 1905,) we were required to set aside $639.00 for permanent improvement of main Highways.

After consideration, we felt it our first duty under this law, to raise and widen the highway through the "Bog on Weare road" so called. Three Hundred Dollars of our money has been expended at this place, which we feel will be appreciated by all who travel that way.

Sewers and grates have been laid in parts of highways in village and the balance in grading state road. (see report.)

We are glad to state we have been able to pay $2800.00 of the Town debt.

We recommend the following appropriations for 1907.

For	Schools	$2500 00
	Maintenance of the Poor	200 00
	Repairing roads and bridges	3000 00
	Lighting streets	425 00
	Memorial Day	50 00
	Other necessary town charges	1400 00
	Town Debt	1000 00
There will be required to pay State tax		1655 00
	County tax	1294 54

We submit the following report:

Report of the Trustees of the

New Boston Cemetery

Year ending Feb. 15, 1907.

Another year has joined the past ages, and in its rapid flight we have witnessed the going out from us those who once were the dominant force in the homes and the social life of the town. In the number, Providence has dealt gently, as you will observe by the report of E. P. Fox, superintendent, herewith submitted and the good old age that most of them attained to is very striking, but the cemetery, as usual, has received to its embrace some in the sweetness and innocence of helpless childhood, and some in the strength of mature years, as well as the aged. Thus it ever has been and thus it ever will be, and ours it is to bravely and cheerfully assume the burdens and cares of the home and the town while we are here. We are pleased to note the co-operative work that so many have given us in the cemetery work of caring for its grounds. The scarcity of help to do the work in a seasonable time makes all volunteer-private labor the more precious. A laudable pride in little attention and labor bestowed on private lots is a great help to the whole grounds: can we not expect a greater increase of such work by you this year? The opening of the warm season is the time to look after monuments and their foundations, to re-erect the slabs that the frost and winds have caused to lean or laid them prostrate on the ground, and to do a little grading to make an even surface. We hope at least you will visit the cemetery once or twice to see that the graves of "the loved and lost" are kept even and smooth and green.

Mr. Frank Farley, beside doing much of the general work we employed him to do took care of private lots as he was engaged last season and we hope the coming year to employ some one most of the time till autumn caring for grounds and no doubt the same party can be obtained for private lots. You will notice that again last year as during the year previous there was garnered to this last resting place one of the Trustees who had been a member of the Board from its incorporation, who during this long period devoted much of his time and careful thought and willing service to the benefit of the cemetery.

The Treasurer's report herewith submitted shows that not all the interest of the funds in our care has been expended, but the extreme scarcity of available help to do the work in season is mainly the excuse, and greater drafts may be made on the increasing fund the coming season. Suggestions, as you visit and observe for yourselves what you think to be desirable for the grounds will be gladly received and considered by us.

Report of School Board.

During the past year we have maintained schools in Nos. 2, 4, 5, 6, 8, 13, and 16 for three terms. The scholars of No. 15 were transported to No. 16 in the spring, while, for the remaining two terms, a school was kept in No. 15.

Throughout the year the children of No. 3 were carried to No. 4, and those of Cochran Hill to the village.

Most of the schools have been good, and in some cases, notably in the High School, most excellent work has been done. We greatly appreciate the generosity of the people toward our schools, and are steadily trying to work out the best results we can with the means given us.

We recommend for the year to come an appropriation of $200.00 above the amount required by law.

Also an appropriation of $100.00 for painting the village school house.

We submit herewith the usual statistical and financial reports.

FINANCIAL STATEMENT FOR THE YEAR ENDING FEB. 15, 1907.
